

Dry Flow Control

APEC - Automated Process Equipment Corporation

Dry Flow Control

Let APEC provide you with the proper flow control device to suit your design needs.

Slidegates

Pneumatic
Manual
Electric

Pneumatic

6" up to 36" square discharge openings
Air cylinder actuator, solenoid control valve with (2)
NEMA 4 roller arm limit switches
Top & bottom covers & rubber wiper slide
Mild, stainless & aluminum construction

Manual

6" up to 26" square discharge openings
Machined steel rack & pinion with hand wheel
Ball type flange bearings
NEMA 4 roller arm limit switches
Top & bottom covers & rubber wiper slide
Mild, stainless & aluminum construction

Electric

6" up to 26" square discharge openings
Electric motor actuator
NEMA 4 roller arm limit switches
Top & bottom covers & rubber wiper slide
Mild, stainless & aluminum construction

Options (All Models)

Explosion proof components, 50 hz motors

Diverters

- 2-Way Plate**
- 3-Way Plate**
- 2-Way Basket**
- Hose Style**

2-Way Plate

10" up to 20" square discharge openings
 Air cylinder actuator with lever arm & ball bearing pivots
 Solenoid control valve with (2) NEMA 4 roller arm limit switches
 Mild, stainless & aluminum construction

3-Way Plate

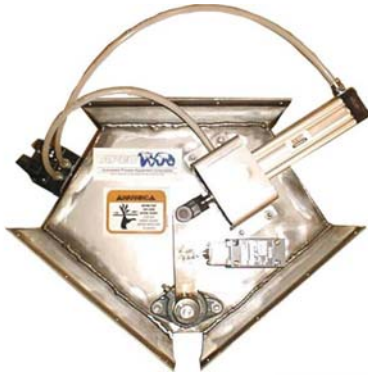

10" up to 20" square discharge openings
 Air cylinder actuator with lever arm & ball bearing pivots
 Solenoid control valve with (2) NEMA 4 roller arm limit switches
 Mild, stainless & aluminum construction

2-Way Basket

10" up to 20" square discharge openings
 Y or K style
 Air cylinder actuator with lever arm & ball bearing pivots
 Solenoid control valve with (2) NEMA 4 roller arm limit switches
 Mild, stainless & aluminum construction

Hose Style

10" up to 20" square discharge openings
 Air cylinder actuator
 Solenoid control valve with (2) NEMA 4 roller arm limit switches
 Mild, stainless & aluminum construction

Options (All Models)

- Explosion proof components
- Rhinohyde cover on wear surfaces
- Electric drive motors
- Reed style limit switches
